CREATIVE ESSENCES

FDA-REGISTERED CONTRACT MANUFACTURER

From Concept to Commercial Success.

We formulate. We manufacture. You grow.

Helping brands develop and manufacture premium skincare, OTC products, and liquid supplements with the quality, technical expertise, and manufacturing support needed to bring products to market with confidence.

QUALITY | COMPLIANCE | INNOVATION

YOUR VISION.
OUR EXPERTISE.
MADE POSSIBLE.

CREATIVE ESSENCES

ABOUT CREATIVE ESSENCES

Where innovation meets manufacturing expertise.

Founded in 2007 in Southern California, Creative Essences is an **FDA-registered contract manufacturer** helping brands transform innovative ideas into high-quality **skincare, OTC products, and liquid supplements.**

Our capabilities extend beyond manufacturing. With in-house formulation, R&D, laboratory capabilities, compounding, filling, and labeling, we bring key stages of product development and production together under one roof. This integrated approach provides our partners with the **technical expertise, flexibility, and manufacturing support** needed to move efficiently from initial concept to commercial production.

Whether developing a new formulation, launching a private label product, or scaling an established line, we work closely with each client to create solutions aligned with their **product vision, brand, and business goals.**

More than a manufacturer, we are a development partner committed to helping brands create, scale, and succeed.

MANUFACTURING CAPABILITIES

From concept to commercialization, we bring your vision to life.

CUSTOM FORMULATION

Tailored formulations developed around your product vision, performance goals, and brand requirements.

RESEARCH & DEVELOPMENT

In-house expertise supporting formulation development, evaluation, testing, and product optimization.

COMPOUNDING & MANUFACTURING

Integrated manufacturing capabilities supporting the transition from approved formulation to commercial production.

FILLING & LABELING

Streamlined filling and labeling capabilities that help move your product toward a finished, market-ready solution.

QUALITY-FOCUSED PRODUCTION

Quality-driven processes supporting consistency and control throughout the manufacturing process.

BUILT AROUND YOUR BRAND

Flexible solutions for every stage of your product journey.

Every brand starts from a different place. Whether you're launching a new concept, expanding an established portfolio, or preparing for your next stage of growth.

Creative Essences provides the expertise and manufacturing support to help move your brand forward.

IDEAS
BRANDS
GROWTH
POSSIBILITIES

NEW PRODUCT LAUNCHES
Bring new concepts from idea to market.

PORTFOLIO EXPANSION
Develop new products and categories for your growing brand.

BRAND DEVELOPMENT
Create products aligned with your positioning and vision.

COMMERCIAL GROWTH
Scale production as your business and demand grow.

FROM FIRST IDEA TO NEXT-LEVEL GROWTH.

One partner. More possibilities for your brand.

CREATIVE ESSENCES

OUR PROCESS

A clear, collaborative path from your initial idea to finished product.

01 **DISCOVERY**
We begin by understanding your product vision, goals, target market, and project requirements.

02 **FORMULATION**
Our team develops or refines a formulation aligned with your desired product profile.

03 **SAMPLING & EVALUATION**
Samples are prepared for review, evaluation, and refinement before moving forward.

04 **TESTING & FINALIZATION**
The formulation and product specifications are finalized for the next stage of development.

05 **PRODUCTION PLANNING**
Manufacturing requirements, components, packaging, and production details are coordinated.

06 **MANUFACTURING**
Your approved formulation moves into commercial compounding and production.

07 **FILLING & LABELING**
Products are filled and labeled according to the approved project specifications.

08 **FINISHED PRODUCT**
Your finished product is prepared for the next step in bringing your brand to market.

ONE VISION. ONE PROCESS.
BUILT TO MOVE YOUR PRODUCT FORWARD.

WHY PARTNER WITH US?

FDA REGISTERED | GMP FACILITY | MADE IN USA

More than manufacturing. A partnership built around your success.

EXPERIENCE
Established in 2007, bringing years of product development and manufacturing experience to every partnership.

TECHNICAL EXPERTISE
In-house knowledge and R&D support help guide products from early development through commercialization.

QUALITY-DRIVEN APPROACH
Quality is integrated throughout the development and manufacturing process.

COLLABORATIVE PARTNERSHIP
We work closely with our customers, providing responsive support throughout the product journey.

SCALABLE SUPPORT
Solutions designed to support brands as their product portfolios and production needs evolve.

MORE THAN A MANUFACTURER.
A PARTNER IN YOUR PROGRESS.
